Mobile Wiping & Diagnostics Software For iOS® and Android® Based Devices

**IDEAL FOR CORPORATE, ITAD,
MOBILE RETAILER & REPAIR SHOP**

Securely Erases & Diagnoses iOS®
& Android® Devices

BitRaser software helps you to erase & test iOS® & Android® based mobile devices to guarantee compliance, improve security & increase efficiency. This privacy safeguarding software permanently wipes data and ensures that sensitive information does not fall in wrong hands when devices are disposed, recycled or sold. A series of assisted & automated tests are performed by the software to diagnose health & functionality of mobile devices.

SOFTWARE WITH EXCELLENT CAPABILITIES

SECURE ERASURE

Securely erases data from iOS® & Android® devices beyond recovery, safeguarding privacy at the end-of-lifecycle of mobile devices.

CLOUD INTEGRATION

The software provides flexibility to create users, manage license distribution & maintain central repository of reports & certificates.

ACCURATE DIAGNOSTICS

BitRaser easy-to-use diagnostics application helps test device functionality by performing upto 40+ assisted & automated tests to get accurate results.

CONFIGURATION & AUTOMATION

Automate erasure process across mobile devices as per international erasing standards.

INTERNATIONAL STANDARDS COMPLIANCE

BitRaser Mobile Eraser supports 10 international erasure standards including DoD 3 & 7 passes, NIST 800-88, HMG etc.

REPORT FOR AUDIT TRAILS

Generates comprehensive reports that include details like erasure status, device model, IMEI number, capacity, diagnostic results, grading etc.

BITRASER® ADVANTAGE

Protects & Safeguards Privacy

Mitigate Risks

Prevent Data Theft & Leakage

Get Maximum Resale Value

Safely Donate

BITRASER, AN INNOVATION BY **STELLAR**, THE GLOBAL
DATA CARE EXPERTS TRUSTED BY MILLIONS, SINCE 1993.

TECHNICAL SPECIFICATIONS

CERTIFIED DATA ERASURE & DIAGNOSTICS

- Single interface for erasure or diagnostics
- Permanently erase data on iOS® & Android® devices
- Performs test to check functionality of smartphones
- Erase working iOS® devices with broken screens or when in recovery mode (Linux Edition Only)
- Supports erasure & diagnostics of iOS® devices running on iOS® v7 & above
- Supports erasure & diagnostics of Android® devices running on OS v5 & above
- Simultaneous high-speed erasure & diagnostics of up to 40 devices
- Erase Apple® locked devices

CONFIGURATION & AUTOMATION

- Easy Installation on Windows, Mac & bare bone hardware
- Cloud integration for user creation, license distribution & management
- Supports 10 international erasure standards like DoD 3 & 7 passes, NIST 800-88 etc.
- Diagnose mobile device health through 40+ automated & assisted tests
- Ability to print labels for erased or diagnosed devices
- Option to customize USB port name for easy identification (Linux & Mac Edition Only)
- Option to provide asset tag and custom information
- Internet connectivity through Ethernet or Wifi

ERASURE & DIAGNOSTICS REPORT

- Generates verifiable erasure & diagnostics reports
- Maintain repository of reports on cloud
- Customize report design layout as per requirement
- Automatically saves erasure or diagnostics report on the same workstation on which process is performed
- Grade your mobile device easily using our software
- Save erasure report in PDF, CSV, & XML

10 GLOBAL STANDARDS

NIST 800-88

US DOD 5220.22-M (3 Passes)

US DOD 5200.22-M (ECE) (7 Passes)

Zeroes

Pseudo Random

B Schneier's Algorithm (7 Passes)

Peter Gutmann (35 Passes)

US Army AR 380-19 (3 Passes)

US Air Force AFSSI 5020 (3 Passes)

British HMG IS 5 (3 Passes)

SYSTEM REQUIREMENTS

PROCESSOR : x86 or x64

RAM : 4GB recommended

INTERNET : Required

HARD DISK : 1 GB (Win/Mac) | 250GB (Linux Edition)

For Windows Edition

OS : Windows 11, 10, 8.1,8,7

For Mac Edition

OS : macOS 10.13 & above

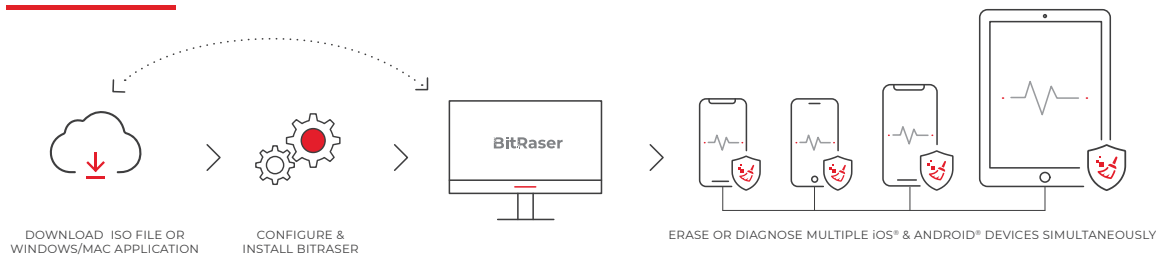

For Linux Edition

USB PORT : 2.0 / 3.0

ALSO AVAILABLE

- BitRaser Drive Eraser
- BitRaser Drive Eraser with Admin Console
- BitRaser File Eraser
